

# NextEra Energy Resources Overview

## A Leader in Clean Energy

NextEra Energy Resources is the world's largest generator of renewable energy from the wind and the sun with more than 21,000 megawatts of generating capacity primarily in 37 states and Canada as of year-end 2019. NextEra Energy was named to Fortune's 2019 list of the "World's Most Admired Companies" and was also recognized among the top 25 companies worldwide, across all industries, for innovation and social responsibility.
