

Frequently Asked Questions

Q: What is NextEra Energy Resources?

A: NextEra Energy Resources, LLC is a clean energy leader and is one of the largest wholesale generators of electric power in the U.S., with approximately 21,000 megawatts of net generating capacity, primarily in 37 states and Canada as of year-end 2019. NextEra Energy Resources, together with its affiliated entities, is the world's largest generator of renewable energy from the wind and sun and a world leader in battery storage.

Q: How is this Project going to benefit me?

A: A solar project brings numerous economic benefits to a community, including the potential for millions of dollars in additional tax revenue (or payments in lieu of taxes) which can be used to enhance schools, roads and essential services – enhancing both the quality of life and overall value of the community. The project will deliver these economic benefits without making additional demands or impact on community services.
