Exhibit 33: Other Applications and Filings

This Exhibit will track the requirements of Stipulation 33, dated February 21, 2020, and therefore, the requirements of 16 New York Codes, Rules and Regulations (NYCRR) § 1001.33.

33(a) Statement of Other Applications and Filings

The Watkins Glen Solar Energy Center, LLC (the Applicant) does not have any other pending applications or filings with the New York Public Service Commission or any other governmental department, agency, or court concerning the subject matter of the Watkins Glen Solar Energy Center (the Watkins Glen Solar Energy Center or the Project).

The Applicant participated in the 2018 Renewable Energy Standard Solicitation Request for Proposal (RESRFP 18-1) and was selected by the New York State Energy Research and Development Authority as a winning bidder with respect to the Watkins Glen Solar Energy Center.

33(b) Anticipated Federal Permits, Consents, Approvals, or Licenses

The following federal permits, consultations, consents, approvals, or licenses are anticipated to be required for construction or operation of the Project:

United States Fish and Wildlife Service:

- Endangered Species Act, Section 7 Consultation

United States Army Corps of Engineers:

- National Environmental Policy Act compliance;
- National Historic Preservation Act, Section 106 compliance; and
- Section 404 of the Clean Water Act or Nationwide Permit for Placement of Fill in Federal Jurisdictional Wetlands, Waters of the United States, estimated to be filed late 2020 to early 2021.

The dates of these federal applications will be contingent upon certification of the Project through Article 10 of the Public Service Law.
